Project-Based Learning Worksheet

1. What is the problem or theme of the project?
2. *Plans for implementation.* What will your group do? Who will do what? How will you do it? Be as specific as possible.
3. *Research.* What kind of research is needed? How will you do it?
4. *Drafting and developing the product.* Create a timeline for the project.
5. *Disseminating and/or presenting the product.* What will your final presentation be?
6. *Evaluation.* Develop some criteria to evaluate what you will do.
